

Report of
The Adjutant General
of the State of Florida
FOR THE YEAR 1920

T. J. APPLEYARD, PRINTER, TALLAHASSEE, FLORIDA

REPORT OF THE ADJUTANT GENERAL

MILITARY DEPARTMENT, STATE OF FLORIDA,

OFFICE OF THE ADJUTANT GENERAL.

State Arsenal, St. Augustine, Fla., Feb. 9, 1921.

From: *The Adjutant General.*

To *Hon. Cary A. Hardee, Governor, Tallahassee, Fla.*

Subject: *Annual Report.*

1. Pursuant to the requirements of Section 734 of the Military Code of the State of Florida, the following report of the operations of this Department during the calendar year 1920 is submitted.

2. This report should have been made by the former Adjutant General, whose term expired January 3, 1921; the present Adjutant General being somewhat handicapped on account of not being familiar with the operations of the department during 1920.

UNORGANIZED MILITIA.

The estimated strength of the Reserve Militia of the State is 200,000.

THE NATIONAL GUARD.

Commissioned Officers:

Staff Corps and Departments	10

THE NATIONAL GUARD RESERVE.

Commissioned Officers	1
Enlisted Men	0
Aggregate	1

The National Guard of Florida consists of the prescribed Staff Corps and Departments, eight companies of Infantry, one Headquarters company, one Supply company, one Machine Gun company and one Sanitary detachment.

MUSTERED IN.

The following organizations were mustered into the National Guard during the year 1920:

February 11, Company "E," Live Oak.

February 17, Company "H," Starke.

February 19, Machine Gun Company, Brooksville and Marianna.

February 27, Supply Company, Hastings.

April 12, Company "C," Tarpon Springs.

April 16, Company "G," Lake City.

June 14, Headquarters Company, St. Petersburg.

July 24, Sanitary Detachment, Lake Worth.

July 26, Detachment, Ordnance Corps, St. Augustine.

September 22, Company "F," Jacksonville.

October 11, Company "D," Wauchula.

NAVAL MILITIA.

No Naval Militia exists in the State of Florida at the present time.

ORGANIZATION.

The Organization of the Staff Corps and Departments and also of the various units of the National Guard, conform to that prescribed by the Federal Law.

EFFICIENCY.

The general efficiency of the National Guard of Florida is good. Despite the reluctance shown by ex-service men and others to enlist, and other circumstances militating against active organization, the showing made is very good.

No record of vouchers covering expenditures from above fund can be located in this office and amount of expenditures is taken from the report of the State Comptroller.

COMMENTS AND RECOMMENDATIONS.

The representatives of the National Guard have always urged the maintenance of a regular army of sufficient size to guard our borders, garrison our insular possessions, to form a nucleus for the organization of a large army in case of war, and to perform that class of duty that should devolve upon the professional soldier.

It appears now that the policy of the Congress of the United States is to cut the regular establishment down to a minimum. This being the case, the organization of a strong National Guard is more urgent than ever before, and all assistance possible should be given by Congress and the State Legislature to help toward this desired end.

STATE CAMP GROUND AND RIFLE RANGE.

The State Camp Ground and Rifle Range is still in the hands of the Federal Government, having used during the late war for camp purposes. It is expected that this property will soon be returned to the State.

Request has been made of the War Department to leave about one hundred buildings on the land when it is turned back. These buildings are to be used for the

housing of troops of all branches of the service, both Regular and National Guard (also civilian rifle teams), when on duty either for mobilization, instruction or rifle practice.

Should this request be granted, it will involve the State in extra expenses for the care and maintenance of the buildings, but will give the State the finest plant for general military uses in the United States outside of the Regular Army. It will be a State asset in many ways; a great help in the training of the National Guard, and the Civilian Rifle teams. Also the general advertising given the State will be worth much.

It is hoped that many improvements can be made so as to bring the property, including the rifle range, up to a high standard of efficiency. It will be remembered that two of the National Shoots have been held on the range, and it is hoped that this National Competition can again be brought to the State Rifle Range. The fact that we have ample housing for all visiting teams and troops will be a great inducement for having the National and Corps Shoots on our range.

BEAUTIFICATION OF CAMP GROUNDS.

It is urged that, if possible, some arrangement be made to furnish a limited amount of convict labor at the Camp Grounds, for carrying on the work of beautifying the reservation in accordance with plans of the landscape architect by whom the reservation was originally laid out. A great deal of reconstruction work will have to be done owing to damage and destruction occurring during the occupancy by the Federal Government. If convict labor can be used little expense will be incurred, and the State will be provided with a beautiful park, splendidly located, easily accessible and a source of pride for the people of the State of Florida.

STATE ARSENAL.

The buildings of the St. Frances Barracks Reservation were leased to the State of Florida on August 15, 1907, to be used for a State arsenal and other purposes.

The lease was originally made for a period of five years and revocable by the War Department at any time. Consideration, \$1.00 per year. A new lease has been made from time to time, the last lease being dated July 12, 1917. During the entire period from August 15, 1907, to date, this property has been used by the Military Department of the State at an annual rental of \$1.00. The present lease contains the following provision:

"That the said lessee shall keep the buildings and grounds in thorough repair at its own expense while the same is under its control as lessee * * * and the lessee hereby covenants * * * to pay to the United States on demand any sum which may have to be expended after the expiration of the lease, in putting said premises or property in as good condition for use by the United States as it is at this date."

The building known as St. Frances Barracks Building was partially destroyed by fire December 13, 1916, and walls are still standing but cannot be utilized in any way.

The other buildings have been neglected, are badly in need of repairs, and should be restored in accordance with the terms of the lease. The roofs of all of the buildings are in bad condition, the water system is practically worn out and many other repairs should be made.

Apparently no repairs have been made in several years, and this splendid military plant has cost the State very little since it was first leased fourteen years ago.

CHARLES P. LOVELL,
Adjutant General.

APPENDIX A.

OFFICE OF

U. S. PROPERTY AND DISBURSING OFFICER,

STATE OF FLORIDA.

St. Augustine, Fla., January 1, 1921.

From: *Major John L. Crary, U. S. Property and Disbursing Officer,*

To: *Major Sidney J. Catts, Jr., The Adjutant General.*

Subject: *Report for the calendar year 1920:*

1. The following report of the duties and operation of this office is respectfully submitted, covering the calendar year of 1920.

2. The Federal and State property issued to the Governor of Florida for the use of the various County Guard Units has not been returned to the proper authorities, although considerable work has been done by this office in locating and fixing the accountability and responsibility therefor. Continued effort will be made with a view of adjusting this matter.

3. The property and financial accounting systems of this office conform to the provisions contained in National Guard Regulations 1919, covering these subjects. All requisitions for Federal funds are submitted through your office to the Governor for signature. Requisitions for Federal property originate in this office and are submitted direct to the Chief, Militia Bureau. The issue of property to the State was slow during the early months of this year, but this feature has been remedied and property comes forward in much better condition and much more quickly at present.

4. The matter of securing a proper accounting from company commanders on their property accounts has not been satisfactory, but owing to the fact that no inspection was ordered, the writer could not take the necessary steps to instruct the officers in the new system of property accounting. Immediately the usual annual property inspection is allowed such instructions as are necessary will be given.

Every assistance possible by correspondence has been extended and to a certain extent has resulted in some improvement, but without personal instruction it cannot be expected that the accounting by the company commanders will become satisfactory. All correspondence relating to providing equipment and funds for the Florida National Guard has been carried on by this office.

5. This office as State Quartermaster has had no work allotted to it. The writer has attended, under orders, the four days school at Camp Jackson, S. C., the State rifle competition and the fifteen days camp of instruction at Camp Joseph E. Johnston, in the capacity of camp supply and transportation officer. It is believed that great good has resulted from these camps.

6. The entire Florida National Guard has been equipped by this office, and sufficient clothing and other equipment has been accumulated to equip another infantry company. This is made possible by reason of having all equipment shipped direct to the State Arsenal at St. Augustine and distributed to the organizations. It is plainly evident that a great saving to the Federal Government is secured by this method of handling property, for the reason that all surplus property is properly cared for and is secure against the attacks of moth and other destructive conditions which are prevalent in this latitude.

7. The Federal funds placed to the credit of the writer during the calendar year 1920, \$46,266.32; disbursements, \$29,014.86.

The financial accounts of the office balance, with the statements of the Treasurer of the United States, and the property accounts are in order. No property audit has been made by a Federal Inspector since April 6, 1920, but the property in store houses is properly cared for.

S. Attention is invited to the condition of the various buildings on the reservation at St. Augustine. The necessity for repair is evident, and it is to be hoped that provision for placing all the buildings in proper condition will be made.

STATE OF FLORIDA.
MILITARY DEPARTMENT,
OFFICE OF THE ADJUTANT GENERAL,
GENERAL HEADQUARTERS,

Tallahassee, Florida, January 8th, 1920.

GENERAL ORDERS
No. 14.

Announcement is made of the death of Brigadier General Jacob Gumbinger, National Guard of Florida, retired, which occurred at his home at the residence of Doctor A. D. Williams, 209 West Ashley Street, Jacksonville, Florida, following a short illness.

Jacob Gumbinger was born in Bergzathbern, Germany, on March 15th, 1840, and came to America at the age of thirteen and settled in Kentucky. At the outbreak of the war between the states, he enlisted in Company "H," Eighth Missouri Infantry. He was wounded at the capture of Fort Donaldson on February 15th, 1862, and was honorably discharged as Sergeant on June 26th, 1862, on account of wounds received.

Soon after the close of the war between the States he came to Jacksonville, and on August 11th, 1887, he enlisted in "Wilson's Battery," F. S. T., commissioned First Lieutenant of Field Artillery on July 22d, 1893; Captain, Field Artillery on March 27th, 1894; Major, Field Artillery, August 16th, 1899; transferred to Ordnance Department, Staff Officer, on March 22d, 1907. Retired with rank of Brigadier General on January 28th, 1914.

The news of the death of this officer will be received by his comrades and friends in the military service of the State of Florida, with a feeling of sorrow, and the usual badge of mourning will be worn for a period of thirty days.

By Command of the Governor:

SIDNEY J. CATTS, JR.,
The Adjutant General,
Chief of Staff.

STATE OF FLORIDA.

Tallahassee Florida, March 31st, 1920.

GENERAL ORDERS

No. 15.

1. Pursuant to instructions contained in Circular Letter No. 5, dated Military Bureau, January 27th, 1920, and in conformity with paragraph 355 (f), Small Arms Firing Manual, 1913, the practice season for all units in the State of Florida will extend from June 1st to December 31st, 1920, inclusive.

2. Instructions in gallery practice should be begun immediately and carried on vigorously in all units which have been provided with indoor targets and gallery practice rifles. Arrangements will be made as expeditiously as possible for outdoor firing, and full instructions will be promulgated by circular letter in time for the beginning of the firing period.

By Command of the Governor:

SIDNEY J. CATTS, JR.,
The Adjutant General,
Chief of Staff.

GENERAL ORDERS

No. 18.

1. The State of Florida having been authorized to hold a State Rifle Competition under the provisions of paragraphs 539 to 543 NGR, the following program is announced for the guidance of all concerned. (Authority for competition sixth endorsement, Headquarters SED, dated July 10th, 1920, Re: 353.2 Mil. NGF):

6:15 A. M.	Reveille.
6:30-7:00	Breakfast.
7:00-7:15	Police of Quarters and Grounds.
7:30	Commence Firing on Range.
11:30	Recall.
12:00 Noon	Dinner.
2:00 P. M.	Commence Firing on Range.
4:30	Recall.
5:45	Supper.
11:00	Taps.

The following program of events and firing on the different ranges will be observed:

July 20th, morning. Assignment to quarters; 3:00 p. m., lecture (Y. M. C. A. Bldg); 4:00 p. m., inspection on range.

July 21st, morning. 300 yard range, slow fire; afternoon, 500 yard range, slow fire.

July 22nd, morning. 600 yard range, slow fire; afternoon, 200 yard range, rapid fire.

July 23rd, morning. 300 yard range, rapid fire; afternoon, 500 yard range, rapid fire.

2. The Company Teams securing the highest total in all the above events will be awarded the Tallafarro Trophy. This Trophy will be retained at Company Headquarters of the winning team for the period of one year, when it will again be competed for.

3. The twelve individuals making the highest individual scores will be selected as a team to represent the State as a State Team at the National Matches to be held at Camp Perry, Ohio, this year. The next two individuals making the highest scores will be selected as alternates. The necessary orders for these details will be issued later.

4. The Range Officer and Assistant Range Officers will see that all rules and regulations governing this competition are strictly enforced. They will, at all times, be in charge of the firing and will decide any questions arising over the marking or the re-marking of targets. The Senior Range Officer on duty on the firing line will report at the Adjutant's office immediately preceding each change of range, for the assignment of targets to the different teams. The Range Officer on duty in the pits will report at the same time for the assignment of markers, scorers and pit details. The Adjutant will prepare a roster of the teams, scorers and markers, and the assignment to the new targets will be made with each change of range.

5. All scorers will deliver to the Senior Range Officer on duty on the firing line the scores of each individual firer as soon as the individual has completed his course of firing at that range. No change will be made on any score card except by authority of the Senior Range Officer. The Senior Range Officer will deliver the score cards to the Adjutant immediately after the completion of fire on each range. The scores will be compiled and published on the bulletin board, and any question concerning same will be filed with the Adjutant in writing by the respective Team Commander.

6. The Team Commander will be strictly in charge of his team at all times, and will be held responsible for the prompt arrival of his team at all formations, proper police of his barracks and grounds and the good behavior of his team. He should designate a second in command to act in his absence.

7. Under no conditions will passes be issued before 5:00 P. M. daily, and under no conditions will a member attending this competition leave camp without a written permission signed by the Executive Officer. Passes will be issued for the period from 5:00 P. M. to 11:00 P. M. The Team Commander should file with the Adjutant by noon of each day a request for the number of passes desired by his team, giving the name and rank of each person. Such passes as are approved will be ready for issue at 5:45 P. M. The administrative details will apply direct to the Adjutant for passes. The application must be in by noon of the same day the pass is desired.

By Command of the Governor:

SIDNEY J. CATTS, JR.,

The Adjutant General,

Chief of Staff.

STATE OF FLORIDA.
MILITARY DEPARTMENT,
OFFICE OF THE ADJUTANT GENERAL,
State Arsenal, St. Augustine, August 5, 1920.

GENERAL ORDERS
No. 19.

1. Authority having been received by seventh indorsement from Headquarters S. E. Dept., dated July 10, 1920, to hold the annual fifteen-day encampment provided for in Par. 505, N. G. R., the same will be held at Camp Joseph E. Johnston, Florida, beginning August 11th and ending August 25th, both days inclusive.

All National Guard Organizations in this State that have received Federal recognition, the Medical Detachment at Lake Worth (inspected but not yet recognized), and the following named Staff Officers will participate in this encampment, and will entrain at their respective home stations in such time as to enable them to arrive at Camp Johnston by noon August 11th:

Major S. J. Catts, Jr., A. G. Dept.
Major W. S. Blackmer, I. G. Dept.
Major Ellis Bashore, J. A. G. Dept.
Major J. L. Crary, Q. M. Corps.
Major D. F. Dunkle, Ord. Dept.
Major Guy A. Klock, Med. Corps.
Major D. C. Campbell, Med. Corps.
Captain H. C. F. Dohm, Q. M. Corps.
Captain W. H. Pickett, Med. Corps.
First Lieutenant D. B. Tallant, Med. Corps.
First Lieutenant A. C. Shuler, Chaplain.

2. Upon the arrival of the troops at Camp Johnston the Camp Commander will issue such orders and adopt such measures as may be necessary to secure the care and safekeeping of all public military property, and to insure the maintenance of good order and discipline at all times in camp and its surroundings by all the troops of his command. The Senior Officers on trains en route to and from the camp will be responsible for the maintenance of discipline during the travel involved under this order.

3. Attendance.—Under the provisions of Par. 512, N. G. R., there must be present fifty per centum of the prescribed minimum strength of officers and 80 per centum of the minimum prescribed strength of enlisted men of each organization in order to get credit for the encampment. The per centum of attendance at camp under this paragraph will be figured on a minimum of 65 enlisted men and three officers for an infantry company. Covering the period of the encampment provided for under this order, leaves of absence to officers and furloughs to enlisted men will be granted only by command of the Governor and then only in cases of very special circumstances.

4. Pay.—None of the provisions of National Guard Regulations have been waived as to pay with the exception of that contained in Par. 3, Circular Letter No. 11, Militia Bureau, 1920,

which provides that organizations, which, on account of having Federal recognition extended at such a recent date as not to have complied with the provisions of Par. 720, N. G. R., may forward pay rolls to the Militia Bureau for the periods, setting forth the facts in the individual cases for consideration of the Militia Bureau. Otherwise any enlisted man who has not qualified for pay under the provisions of Par. 720, will not be entitled to pay, but will be entitled to subsistence and transportation for the period of the camp. No pay will be authorized for a greater number than the maximum number of enlisted men and officers, but subsistence and transportation will be furnished them. See Par. 721, N. G. R.

5. All Organization Commanders will have the members of their respective organizations examined by the physician who has been authorized to administer the vaccinations before leaving home station to see that no man attends this encampment who has any contagious disease, and also to see that each man of his organization has had a successful vaccination against smallpox and completed at least one of the doses of typhoid inoculation.

6. The program of instruction to be inaugurated at this encampment has been formulated by the Military Bureau, and especial attention should be given to the performance of the duties required by this program, as it will result in the upbuilding of the National Guard in this State.

7. No purchases or expenditures of any character whatsoever, other than those provided for under this order, or which may be specially authorized in writing by the Chief of Staff, will be made by any officer or enlisted man in the military service in the name of the State. Bills covering accounts otherwise incurred will not be paid, and the responsible officer or soldier will be subjected to disciplinary action.

8. Arrangements have been made whereby those organizations which have not yet received equipment will be issued clothing, and as far as possible the other equipment as soon as possible after arrival at camp. The clothing for this issue has been ordered shipped by express by the Military Bureau, and the delivery of same is now assured. All organizations already equipped will bring as nearly as possible the full field equipment. In no case will enlisted men be allowed to bring with them any form of baggage other than the necessary hand baggage for their toilet articles, and organizations already equipped will be restricted to blanket rolls and barrack bags.

9. The Property and Disbursing Officer will furnish the necessary transportation to and from the home station to camp of each organization. Transportation will not be issued to any officer or enlisted man except to and from their own permanent home station. Transportation will not in any case be issued to any person other than as authorized in this order. No officer or enlisted man will be entitled to transportation either to or from camp who does not actually attend four days. No organization will move from its home station with less than the required number of officers and enlisted men. Organization Commanders will determine in advance whether or not they will have the required strength to participate in the encampment, and if it is found that they will not, they will report the fact to the Adjutant

General's office as soon as possible, and at least three days before the date of the encampment.

10. Use of Transportation Requests.—To each officer to whom a transportation request is furnished for travel to Camp Johnston a form for duplicate request will also be issued, and it is required that the original and duplicate forms of request be prepared at the same time and in such manner that they exactly correspond. The original request, when duly accompanied by the officer applying for the transportation, will be delivered to the railroad agent in exchange for proper railroad tickets, and the duplicate will at the same time be mailed direct to the Property and Disbursing Officer at the State Arsenal, St. Augustine.

11. Certificate as to Condition of Train Equipment.—It is made the duty of the Commanding Officer at each post to carefully inspect and examine the passenger coaches and baggage cars assigned for the use of his command, such inspection to be made at the time of entrainment and in company with the train conductor, or other authorized representative of the railroad. Careful note will be made of any broken glasses, damaged seats or other defects in the train equipment, and such defects will be called to the attention of the railroad representative. At the end of the journey, and at the time of detraining, or just prior to detraining, a second inspection will be made, and if the coaches and cars have suffered no damage or injury at the hands of the troops, the train conductor or authorized railroad representative will be asked to accomplish a form of certificate to be supplied for that purpose, which certificate will be promptly forwarded by mail to the Property and Disbursing Officer. Should it be found that any damage has been done to the train equipment by the troops, the extent of such injury will be agreed upon by the Commanding Officer and the conductor or other representative of the railroad, and report of the fact and circumstances will be made on the reverse side of the form of certificate and will be jointly signed.

12. All enlisted men will be cautioned before leaving their home stations that they will be held responsible for any damage to the train equipment, and should any damage or injury be done, the Commanding Officer will immediately institute investigation to fix responsibility for the same, and, this having been done, an amount will be collected from the responsible officer or soldier sufficient to cover the cost of such damages, and such disciplinary action as may seem proper will also be taken.

13. Commutation of travel rations will be allowed at the rate of \$1.60 per ration to all organizations for the period of travel to and from the home stations to camp. In preparing these meals, Organization Commanders should arrange to bring with them or purchase en route one cooked meal for dinner August 11th, as it will be impossible to prepare a meal in time for dinner after arrival in camp on the 11th. All Organization Commanders will arrange to have supper on August 11th cooked in camp, and provision for issue of necessary rations for same will be made with the Camp Quartermaster.

14. As soon as an organization arrives in camp the Organization Commander will immediately report to the Camp Quartermaster for assignment to quarters, and will report as soon as

possible to the Camp Commander, giving a roster of his organization showing men actually present and absent. Morning reports will be submitted for the period beginning with the date of entraining at respective home stations and continuing through to the date of return thereto.

15. Upon completion of the duties prescribed for this encampment the respective organizations will return to their home stations.

By Command of the Governor:

SIDNEY J. CATTS, JR.,
The Adjutant General,
Chief of Staff.
